NITROUS OXIDE ADMINISTRATION

Approved & Regulated by the Colorado Department of Higher Education, Private Occupational School Board Accredited by the Better Business Bureau Member of American Dental Assisting Assoc.

ADAC PROFILE

Our mission is to present courses in response to the interest of the dental community, to enforce the highest standards of instructional quality and to ensure a diversification in our programs. ADAC is a dynamic school known for its casual, team-oriented classroom and clinical work environment.

INSTRUCTOR AND CREDENTIALS

Dr. Robert Ahern received his doctor of dental surgery degree from the University of Nebraska College of Dentistry in 1990 and has practiced dentistry in Boulder County since 1992. Dr. Ahern is the owner of Longmont Dental Associates and has used nitrous oxide sedation to reduce anxiety in both children and adults since the inception of his practice. He is a member of the American Dental Association, Boulder County Dental Society and the Boulder Dental Forum.

WHO SHOULD ATTEND

As of January 1997, Dental Hygienists and Dental Assistants can legally administer and monitor nitrous oxide in dental practices.

Student must supply copy of CPR. Students CAN NOT be pregnant.

Prior to receiving Certification: Within 1 year, ALL students must complete 4 hours of documented clinical Nitrous Oxide Administration at a dental practice. Forms provided.

TO REGISTER PHONE: 303-774-8100

Registration Deadline: October 1st, 2023

Class location: Longmont Dental Assoc. Dr. Robert Ahern 1325 Hover St. Longmont

COURSE INFORMATION

This program will show you the latest equipment and methods of nitrous oxide administration in the dental office. You will benefit from an update on the pharmacology of nitrous oxide, medical considerations and management of complications.
